School Values: Integrity, Kindness, Resilience, Responsibility, Creativity

- The Gifted Education Programme (GEP) identification exercise aims to identify students with high intellectual potential.
- Test-preparation activities could inflate students' scores and not reflect their actual potential.
- Students who are not ready to handle the intellectual rigour and demands of the programme will struggle with the enriched curriculum and not benefit fully from it.
- For the screening, students will be required to work on some questions based on what they have learnt from Pri 1 – 3 in the English Language and Mathematics syllabuses.

MY GROWTH MINDSET STATEMENTS

I can **CHANGE** my **MINDSET** with my **WORDS**!

INSTEAD OF:

I CAN SAY:

I am not good at this.

I am not good at this **YET**, but I will learn.

I am great at this.

I practiced and learned how to do this.

This is too hard.

This will require effort and finding the right strategy.

This is too easy.

How can I make this more challenging?

I can't do this.

I need some feedback and help from others.

This is good enough.

Is it my best work? Can I improve it?

I won't try because I might fail.

If I fail, I can try again until I succeed.

I am afraid I will make a mistake.

When I make a mistake, I will learn from it and do better.

I give up.

I will succeed if I put forth effort and find a better strategy.

I am not as smart as my friends.

I am in charge of how smart I am.
